## NARI President's Message

Welcome to the 2024 NARI of Madison directory. As your 2024 President, I am honored to represent Dane County's finest remodeling professionals. This is a directory that provides you with peace of mind! That is because our members are held to a strict code of ethics in the remodeling industry that sets them apart from fly by nighters. When you hire a NARI professional, you are hiring the best that the Madison area has to offer. Our members honor their businesses and relationships in the industry by pledging to perform the highest quality of craftsmanship and customer service no matter the business.

Any company listed in this directory has been vetted by peers and professional NARI staff. As members, we support one another and try to hire each other as vendors, support services or suppliers as needed to ensure your remodel is beyond your dreams.

In addition to this directory, we invite you to visit our NARI of Madison website ([www.NARIMadison.org](http://www.NARIMadison.org)) for up to date member listings, member websites, virtual tours, Contractor of the Year photos and other award winner information, and tons of project photos that are available. We are committed to bringing inspiration and resources to you, and giving you the care and support that you have come to expect from a NARI branded professional. Beyond our website, we do have highly active social media platforms that not only provide up to date information on member projects and events, but information for homeowners to stay up to date on trends, inspiration and remodeling tips for your next project.

NARI of MADISON FOUNDATION INC. a 501c3 corporation, was established in 2012 by a group of dedicated NARI Professionals who are committed to the growth and development of the next generation of skilled construction trade professionals. Although a separate entity from NARI of Madison, we share a common mission to elevate the entire remodeling industry through educational endeavors and professional development.

### OUR MISSION

To raise funds and provide opportunities for programs and scholarships to support education in the remodeling industry. With the generous support of NARI of Madison and community members, we have helped fund scholarships for students of the Construction and Remodeling and Interior Design Programs at Madison College. We look forward to continuing to serve our mission and providing additional opportunities in the future. Fundraising is ongoing and we are always looking for fundraising ideas or potential educational programs to help further our mission. If you have an idea for us, please contact any of the directors or the NARI office at nari@narimadison.org or 608-222-0670.

## MCR/CR/CRS/CLC/CRC/GPC/UDCP

The certification of a remodeling contractor under the certification program of the National Association of the Remodeling Industry (NARI) is the association's recognition that the contractor has met certain criteria for experience, commitment to ethical conduct and professionalism.

**Master Certified Remodeler (MCR):** a CR of 10+ years who holds another NARI certification and has demonstrated leadership within NARI or within the local community.

**Certified Remodeler (CR):** a professional remodeler who provides a full range of remodeling services. Candidates must prove they possess skill and knowledge in a broad range of business management and technical skill areas.

**Certified Remodeler Specialist (CRS):** a professional remodeler who specializes in a specific type of work, such as concrete and masonry, electrical, insulation, mechanical systems, plumbing systems and roofing and siding.

**Certified Lead Carpenter (CLC):** a hands-on field pro who oversees the technical aspect of the project, including personnel management and material flow while working on the project.

**Certified Remodeler Project Manager (CRPM):** a pro who oversees every administrative aspect of the project: customer satisfaction, scheduling subcontractors, record-keeping, risk management, and much more. A CRPM may work full time on one project or oversee several at one time, depending on the scope.

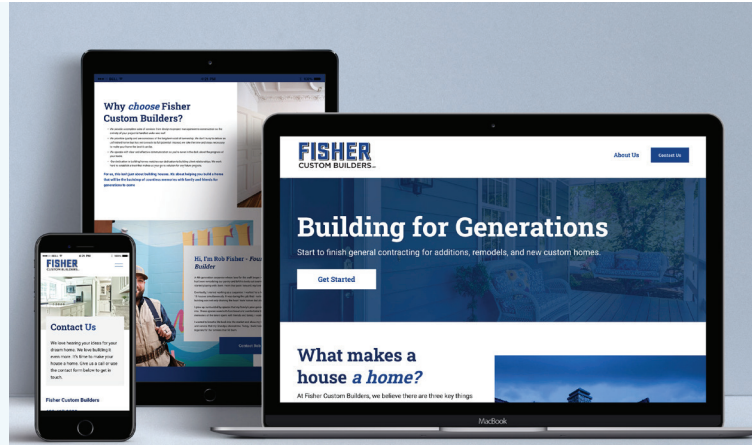

**Green Certified Professional (GCP):** a pro who considers energy efficiency, sustainability and maximizing nature's resources and energy in an efficient and responsible manner, both in the conduct of their business and in design and construction of a client's remodeling project.

**Universal Design Certified Professional (UDCP):** a pro who handles renovations that are appealing not only for "aging in place," but for anybody who wishes to move about his or her home freely, without barrier and without giving their home that "institutional" look. Families who have members with special needs also benefit from a UDCP.

Lead-based paint & asbestos testing are this firm's specialties, & scores of NARI members have entrusted Testudo to help kick off their remodeling projects since its founding in 2010. This firm believes keeping these two hazards in check — with accurate results & fast turnaround — is fundamental to any successful remodeling project to ensure homeowner safety, regulatory compliance & worker safety. What's more, Testudo offers remodeling contractors training for WI's Lead Safe Renovator & lead abatement certifications.
